

HOW TO ENDORSE ONEFILE

Endorsing OneFile

As an awarding body, you're looking to endorse a company that provides an outstanding product – a brand you're proud to be associated with.

OneFile is just that. We're an innovative software company at the forefront of the learning and development sector. Our software is trusted by hundreds of training providers, and supports over 300,000 users worldwide – transforming vocational training into an immersive learning experience.

OUR PLATFORM IS:

SECURE

FLEXIBLE

EASY TO USE

INNOVATIVE

RESPONSIVE

OneFile is the most endorsed eportfolio for learning and development

We're endorsed by 22 official awarding bodies – that's more than twice as many as our closest competitor.

Benefits for you

FULL TRAINING

When you endorse OneFile, your standards verifiers will receive free online training. Our experts will teach your staff how to make the most of our reporting suite for their assessments.

REASSURE YOUR CENTRES

Centres will be delighted that their awarding body endorses their eportfolio provider – giving them peace of mind the external verifier will be competent using their system.

EASY TO USE

With our free online training, your standards verifiers will be OneFile pros – ensuring they have the confidence to use our system effectively.

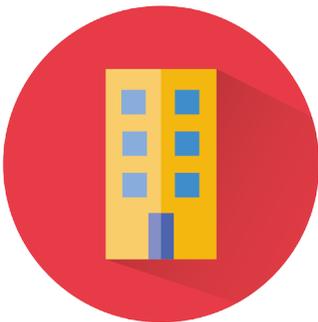

INCREASED SALES

Training providers are more likely to register their learners on your courses if you endorse their eportfolio provider. When you endorse OneFile, your logo will feature on our website and marketing materials – so customers know all about our collaboration.

Benefits for your team

With OneFile, your standards verifiers and external quality assurers can follow each centre's full audit trail online and generate SV reports within the software. It means your verifiers won't have to visit each site to complete their assessment – they can access the data they need at the touch of a button.

Reduced centre visits

Savings on travel & accommodation costs

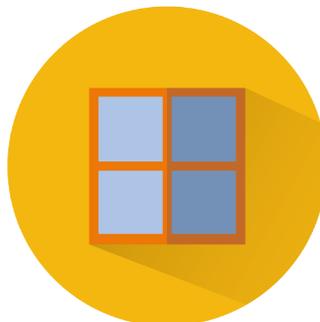

Time saved across the board

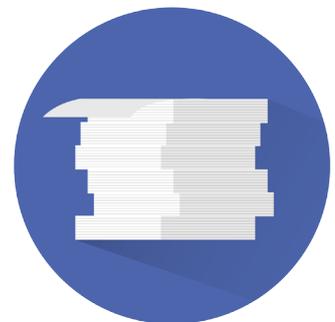

Increased caseloads

Improved transparency

100% less paperwork
